We understand and acknowledge that this is an estimate only and not a guarantee of the cost of an adoption. We understand that Adoption Choices of Colorado cannot predict the amount of case work involved, due to the fact that a birth mother's situation may change during the pregnancy, necessitating more or less case work.

We understand that all pregnancy-related and medical expenses are itemized at the time of the match and provided to us.

We further understand and acknowledge that the total estimated amount must be paid, via cashier's check or wire transfer, at the time of signing the contract and accepting a match with a birth mother.
