

Bridgette & Danny

Greetings!

Thank you for considering us as adoptive parents of your child. We would be truly honored and thrilled to welcome your child into our family and surround him or her with all of our love.

We know the decision to place your baby in another family's care may not be an easy one. We hope this book will give you a glimpse into our lives as you make the best decision for your child's future.

our story

We met the first week of college and it was love at first sight. Through the many classes and study sessions we shared together, we discovered we had a lot in common. We married in 2007 after several years of dating and becoming best friends. We welcomed our beloved daughter, Maggie, in 2016 through adoption. Our family is grounded in faith, love, trust, and lots of laughter.

Danny went to college in Denver and graduate school in Oklahoma. He works as an urban planner, helping design transportation for citizens in local communities. Bridgette went to college in Denver with Danny and then went to graduate school in Kansas. She works in the employee wellness field. Our precious daughter, Maggie, is in preschool. She is bright, full of joy, and excited about the prospect of becoming a big sister.

ACCORDING TO MOM AND DAD

Maggie is a sweet, smart, joyful four-year old whom we adopted with love at birth. She loves dancing, animals, music, dolls, Legos, princesses, and outer space. She's the light of our lives and of so many others' and cannot wait to be a big sister.

Maggie wants us to share with you that she will help take good care of the baby, including feeding him or her, changing diapers, and holding the baby. She wants us also to share that she is so happy that we adopted her and that she adopted us and cannot wait to adopt a sister or brother.

We are so proud of the person she has already become. She will be an amazing big sister and friend to a sibling.

WHAT WE LOVE MOST

We live in a lovely, three-bedroom home with a nice backyard, on a quiet street in Colorado. We have a neighborhood park, playground, and pool, good schools nearby, and lots of children in the neighborhood. We enjoy taking family walks on our neighborhood trails and being close to nature. Our home is filled with laughter, music, and joy. It's a wonderful place for children to grow, play, learn, and thrive.

a few of our favorite things

Whether it's relaxing at home, enjoying the outdoors, traveling, or trying a new adventure, we find joy in each other's company. Bridgette enjoys cooking and gardening and has a passion for nutrition and wellness. Danny loves sports, reading, working in the yard, and hosting guests. Maggie loves dancing, being outdoors, and playing make believe. We look forward to supporting and sharing in our future child's passions.
